Timeless my life was so free

## Fill in the gaps

## Remenissions by Avenged Sevenfold

With this ink in our skin we've (1) our fate,	Leaves at my feet, blown to the ground
and the axe comes early	their echoes are reaching my ears
(only naturally) So what (2) that matter?	Nights coming fast, suns going down
There's a bed of skeletons waiting for me,	But keep away from me keep away from me
on the other side	(it's hard, to keep me in this place, keep away (9)
They're waiting for my next move (next fatal breath)	me)
Human (3) to me (4) so unreal, can't	We may have created the beginning, mentally
see through the fog	We may have created the beginning, physically
(nothing (5) a grey wall) see past the stereotype	To the end of our human existence
Belief, structure built up in you.	I see through you
I'll tear you down and the one who created you	The fear that's in your eyes
If they didn't have One how would they act?	A good friend (10) told me we are our memory
If we didn't have hope how would we behave?	Without it we equal nothing
Would they still feel remorse	And all I can see is the place I wanna be
if they slaughtered innocent beings?	Timeless my life was so free
Or is hope the only thing (6) you	Leaves at my feet, blown to the ground
sane?	their echoes are reaching my ears
A good friend (8) told me we are our memory	Nights coming fast, suns going down - confused
without it we equal nothing	I don't know the answers but neither do you.
And all I can see is the place I wanna be
