## Almost Over You by Sheena Easton

i saw an old friend of ours today	So when you come (7) around
She asked about you	After painting the town
I didn't quite know what to say	You'll see I'm almost over you
Heard you've been (1) the rounds round here	I can forgive you and soon I'll forget
While I've (2) (3) to make tears	All those shattered dreams
disappear	Although you left me with nothing to show
Now I'm almost over you	For the misery
I've almost shook these blues	Now I'm almost over you
So when you come back around	I've almost shook these blues
After painting the town	So when you come back around
You'll see I'm almost over you	After (8) the town
You're such a sly one with your cold cold heart	You'll see I'm almost over you
Maybe leaving came easy	When you come back around
But it tore me apart	After painting the town
Time heals all wounds they say	You'll see I'm (9) over you
And I (4) know	
Cause it (5) like (6) but I'm	
letting you go	
Now I'm almost over you
