My Happy Ending by Avril Lavigne

All the things you hide from me All the (shit) that you do

Fill in the gaps

Oh oh, oh oh		You were all the things I thought I knew
So much for my happy ending		And I thought we could be
Oh oh, oh oh		You were everything, everything that I wanted
So much for my happy ending		We (3) meant to be, supposed to be, but we lost it
Oh oh, oh oh, oh oh		All of the memories, so close to me, just fade away
Let's talk this over		All this time you were pretending
It's not like we're dead		So (4) for my (5) ending
Was it something I did?		It's nice to know that you (6) there
Was it something you said?		Thanks for acting like you care
Don't leave me hanging		And making me feel like I was the only one
In a city so dead		It's nice to know we had it all
Held up so high		Thanks for watching as I fall
On such a (1)	thread	And letting me (7) we were done
You were all the things I thought I knew		You were everything, everything that I wanted
And I thought we could be		We were meant to be, supposed to be, but we lost it
You were everything, everything that I wanted		All of the memories, so close to me, just fade away
We were meant to be, supposed to be, but we lost it		All this time you were pretending
All of the memories, so close to me, just fade away		So much for my happy ending
All this time you were pretending		You were everything, everything that I wanted
So much for my (2) ending		We were meant to be, supposed to be, but we lost it
Oh oh, oh oh		All of the memories, so close to me, just fade away
So much for my happy ending		All this (8) you were pretending
Oh oh, oh oh		So much for my (9) ending
You've got your dumb friends		Oh oh, oh oh
I know what they say		So much for my happy ending
They tell you I'm difficult		Oh oh, oh oh
But so are they		So (10) for my happy ending
But they don't know me		Oh oh, oh oh, oh oh
Do they even know you?
