Skies are (1) it's time for rain	I don't wanna let go
Final (2) you board the train	So say it isn't so
Heading for tomorrow	Miles and miles to go
I wave goodbye to yesterdays	Before I can say
Wipe the (3) you (4) (5)	Before I can lay
face	My love for you to sleep
Blinded by the sorrow	Oh, darling oh
How can I be (6) like before	I got (16) and miles to go
When baby, you don't love me anymore	Before anyone (17) (18) hear
Say it isn't so	Me (19) again
Tell me you're not leaving	Say it isn't so
Say you changed (7) mind now	Tell me you're not leaving
That I am only dreaming	Say you changed (20) mind now
That this is not goodbye	That I am (21) dreaming
This is starting over (hmm)	That this is not goodbye
If you (8) know	This is starting over
I don't wanna let go	Say I'm not (22) awake
So say it isn't so	If you wanna know
Ten to five at (9) we tried	I don't wanna let go
We're still alive but (10) just died	So say it isn't so
As they close the door behind you	Say you changed (23) (24) now
Whistle blows and tons of steel	That I am only dreaming
Shake the ground beneath the wheels	That this is not goodbye
As I wish I (11) found you	This is starting over

This is starting over	
Say I'm not wide awake	
If you wanna know
