## Waiting For The End by Linkin Park

I wish it wasn't so

## Fill in the gaps

This is not the end		I know what it (5) to move on	
This is not the beginning		I know how it feels to lie	
Just a voice like a riot rocking every revision		All I want to do	
But you listen to the tone and the violent rhythm		Is trade this life for something new	
Though the words sound steady		Holding on to what I haven't got	
Something's empty within them		What was left when that fire was gone	
We say yeah		I thought it felt (6) but that right was wrong	
With fists flying up in the air		All caught up in the eye of the storm	
Like we're holding onto something that's invisible there		And trying to figure out what it's like moving on	
Cause we're living at the mercy of the pain and the fear		And I don't even know what kind of things I said	
Until we dead it, forget it, let it all disappear		My mouth kept moving and my mind went dead	
Waiting for the end to come		So I'm picking up the pieces, now where to begin	
Wishing I had strength to stand		The hardest part of ending is starting again	
This is not what I had planned		All I (7) to do	
It's out of my control		Is (8) this life for (9)	new
Flying at the speed of light		Holding on to what I haven't got	
Thoughts (1) spinning in my head		This is not the end, this is not the beginning	
So many things were left unsaid		Just a voice like a riot rocking every revision	
It's hard to let you go		But you listen to the tone and the violent rhythm	
I know what it takes to move on		Though the words sound steady	
I (2) how it feels to lie		Something's empty within them	
All I want to do		We say yeah with fists (10) up in the air	
Is (3) this life for (4)	new	Like we're holding onto something that's invisible there	
Holding on to what I haven't got		Cause we're living at the mercy of the pain and the fear	
Sitting in an empty room		Until we dead it, forget it let it all disappear	
Trying to forget the past			
This was never meant to last			

- 1. were
- 2. know
- 3. trade
- 4. something
- 5. takes
- 6. right
- 7. want
- 8. trade
- 9. something
- 10. flying
