

Fill in the gaps

I could see snow cover hills
You (1) walking, I was (2) still
I could feel the cold on my face
And we were talking like always
I could touch snow covered leaves
You were (3) closer to me
I would play you a song out loud
Yeah, we (4) sing it 'till the year runs out
I remember streets (5) white
And I (6) a long tonight
And I (6) a long tonight Said our December will be littered with light
Said our December will be littered with light
Said our December will be littered with light And I see you walking to me
Said our December will be littered with light And I see you walking to me We were holding future in hand
Said our December will be littered with light And I see you walking to me We were holding future in hand A place to fly and a place to land
Said our December will be littered with light And I see you walking to me We were holding future in hand A place to fly and a place to land Now our December will be sure to last

Said our December will be littered with light
And I see you (8) to me
I could see snow covered hills
And all at once my heart is still
I see you (9) to me
(Yeah) I see you walking to me
I remember streets covered white
And I remember a long tonight
Said our December will be littered with light
And I see you walking to me
I remember streets covered white
And I remember a long tonight
Said our December will be littered with light
And I see you walking to me
I see you walking to me
