

Fill in the gaps

There's a shadow just behind me		Something but what's (8)	and done?
Shrouding every step I take		Why can't we not be sober?	
Making every promise empty		I just want to start this over	
Pointing every finger at me		Why can't we sleep forever?	
Waiting like the stalking butler		I just want to start this over	
Whom upon the finger rests		I am (9) a worthless liar	
Murder now the (1) (2)	"must we"	I am just an imbecile	
Just because the Son has come		I will only complicate you	
Jesus, won't you fucking whistle		Trust in me and fall as well	
Something but what's past and done?		I will find a center in you	
Jesus, won't you fucking whistle		I will chew it up and leave	
Something but what's past and done?		Trust me	
Why can't we not be sober?		Trust me	
I just want to (3) this over		Trust me	
Why can't we drink forever?		Trust me	
I just want to start this over		Trust me	
I am just a worthless liar		Why can't we not be sober?	
I am (4) an imbecile		I just want to start this over	
I will only (5) you		Why can't we sleep forever?	
Trust in me and fall as well		I just want to (10)	this over
I will find a center in you		I want what I want	
I will chew it up and leave		I want what I want	
I will (6) to elevate you		I want what I want	
Just enough to (7) you down		I want what I want	
Mother Mary, won't you whisper			
Something but what's past and done?			
Mother Mary, won't you whisper
