

## Fill in the gaps

Was a long and dark December		Bury me in honor
From the (1)	I remember	When I'm dead and hit the ground
There was snow		A love back home unfolds
White snow		If you love me
Clearly I remember		Won't you let me know?
From the windows (2)	(3) watching	I don't (7) to be a soldier
While we froze down below		With the captain of (8) sinking ship
When the future's architectured		With snow, far below
By a carnival of idiots on show		So if you love me
You'd better lie low		Why'd you let me go?
If you (4) me		I (9) my love down to violet hill
Won't you let me know?		There we sat in snow
Was a long and dark December		All (10) time she was silent still
When the (5) became cathedrals		So if you love me
And the fog		Won't you let me know?
Became God		If you love me
Priests clutched onto bibles		Won't you let me know?
And went out to fit their rifles		
And the cross was (6) aloft
