

## Fill in the gaps

I hope (1) old train breaks down	(Oh) please just let me please breakdown
Then I could take a (2) around	I need (6) old train to breakdown
See what there is to see	(Oh) please just let me please breakdown
Time is just a melody	I want to break on down
With all the people in the street walking fast as	But I can't stop now
(3) feet	Let me break on down
Can take them, I just roll through town	But you can't stop nothing if you got no control
And though my window's got a view	Of the thoughts in your mind (7) you (8)
Well the frame I'm looking through	and you know
Seems to have no concern for now	That you don't know nothing but you don't need to know
So for now I	The wisdom's in the trees not the glass windows
I need this old train to breakdown	You can't stop wishing if you don't let go
(Oh) please just let me (4) breakdown	Of the things that you (9) and you lose and yo
Well this engine (5) out loud	know
Centipede going to crawl westbound	You keep on rolling, put the moment on hold
So I don't even make a sound	(Because) the frame's too bright, so put the blinds down low
Cause it's going to sting me when I leave this town	I need this old train to breakdown
And all the people in the street that I'll never get to meet	(Oh) please just let me please breakdown
If these tracks don't bend somehow	I need this old train to breakdown
And I got no time	(Oh) please just let me please breakdown
That I got to get to where I don't need to be	I want to break on down
So I	But I can't stop now
I need this old train to breakdown
