

## Fill in the gaps

I hope this old (1) breaks down	(Oh) please just let me please breakdown
Then I could take a walk around	I need (14) old train to breakdown
See what there is to see	(Oh) please just let me please breakdown
Time is just a melody	I want to break on down
With all the people in the (2) walking fast as	But I can't (15) now
their feet	Let me break on down
Can take them, I just (3) through town	But you can't stop nothing if you got no control
And though my window's got a view	Of the thoughts in (16) mind that you kept and yo
Well the frame I'm (4) through	know
Seems to have no concern for now	That you don't know nothing but you don't need to know
So for now I	The wisdom's in the trees not the glass windows
I (5) (6) old train to breakdown	You can't (17) wishing if you don't let go
(Oh) please just let me please breakdown	Of the (18) you find and you
Well this engine (7) out loud	(20) and you know
Centipede going to (8) westbound	You keep on rolling, put the (21) on hold
So I don't (9) make a sound	(Because) the frame's too bright, so put the blinds down low
Cause it's going to sting me (10) I leave	I need this old train to breakdown
(11) town	(Oh) (22) just let me please breakdown
And all the people in the street that I'll never get to meet	I (23) this old (24) to breakdown
If these tracks don't (12) somehow	(Oh) (25) just let me please breakdown
And I got no time	I (26) to break on down
That I got to get to where I don't need to be	But I can't stop now
So I	
I need (13) old train to breakdown
