But I will never change And I'm on my way...

Fill in the gaps

Written In The Stars by Tinie Tempah & Eric Turner

(Oh)	
Written in the stars	(Yeah), I needed a change
A million miles away	When we ate we never took because we needed a change
A message to the main (oh)	I needed a break
Seasons come and go	For a sec I even gave up believing and praying
But I will (1) change	I even done the legal stuff and was leaded astray
And I'm on my way	Now money is the root to the evilist ways
Let's (2) yeah!	But have you ever been so hungry that it keeps you awake
You're listening now	Mate, now my hunger would leave them amazed
They say they ain't heard nothing like this in a while	Great, it feels like a long time coming, fam
That's why (3) play my song on so many different	Since the day I (10) of that cunning plan
dials	One day I had a dream I tried to chase it
Cause I got more hits than a disciplined child	But I wasn't going nowhere, running man!
When they see me everybody (brrrrrap's, brrrrrraps)	I knew that maybe someday I would understand
Man (4) like a young gun fully (5)	Trying to turn a tenner to a hundred grand
Barrack	Everyones a kid that no-one cares about
I cried tear drops (6) the massive attack	You just have to keep screaming until they hear you out
I only make hits like I work with a racket and bat	(Oh)
Look at my jacket and hat	Written in the stars
So damn berserk	A million miles away
So down to earth	A message to the main
I'm bringing gravity back	(Oh)
Adopted by the major I (7) my family back	Seasons come and go
People work hard just to get all their salary taxed	But I will never change
Look I'm just a writer from the ghetto	And I'm on my way
Like Malory black man!	
Where the hells all the sanity at, damn!	(Oh)
I (8) to be the kid that no one cared about	Written in the stars
That's why you have to keep screaming	A million miles away
Til they (9) you out	A message to the main
(Oh)	(Oh)
Written in the stars	Seasons come and go
A million miles away	But I will never change
A message to the main	And I'm on my way
(Oh)
