

And I'm on my way...

Fill in the gaps

Written In The Stars by Tinie Tempah & Eric Turner

(On)	
Written in the stars	(Yeah), I needed a change
A million miles away	When we ate we (6) took because we needed a
A message to the main (oh)	change
Seasons come and go	I needed a break
But I will never change	For a sec I even gave up believing and praying
And I'm on my way	I even done the legal (7) and was leaded astray
Let's go yeah!	Now money is the root to the evilist ways
You're listening now	But have you ever been so hungry that it keeps you awake
They say they ain't heard nothing like (1) in a while	Mate, now my hunger would leave (8) amazed
That's why they play my song on so many different dials	Great, it feels like a long time coming, fam
Cause I got (2) hits than a disciplined child	Since the day I thought of that cunning plan
When they see me everybody (brrrrrap's, brrrrrraps)	One day I had a dream I (9) to chase it
Man I'm like a young gun fully black Barrack	But I wasn't going nowhere, running man!
I cried (3) (4) (5) the	I knew that maybe someday I would understand
massive attack	Trying to turn a tenner to a hundred grand
I only make hits like I work with a racket and bat	Everyones a kid that no-one cares about
Look at my jacket and hat	You just have to keep (10) until they
So damn berserk	hear you out
So down to earth	(Oh)
I'm bringing gravity back	Written in the stars
Adopted by the major I want my family back	A million miles away
People work hard just to get all their salary taxed	A message to the main
Look I'm just a writer from the ghetto	(Oh)
Like Malory black man!	Seasons come and go
Where the hells all the sanity at, damn!	But I will never change
I used to be the kid that no one cared about	And I'm on my way
That's why you have to keep screaming	
Til they hear you out	(Oh)
(Oh)	Written in the stars
Written in the stars	A million miles away
A million miles away	A message to the main
A message to the main	(Oh)
(Oh)	Seasons come and go
Seasons come and go	But I will never change
But I will never change	And I'm on my way
