

Fill in the gaps

This was a triumph	For the (15) that are still alive
I'm (1) a note here	Go ahead and leave me
HUGE Success	I (16) I prefer to (17) inside
It's (2) to overstate my satisfaction	Maybe you'll find (18) else to help you
Aperture Science	Maybe black mesa
We do (3) we (4) because we can	That was a joke (HA, HA)
For the good of all of us	Fat chance
Except for the ones who are dead	Anyway this cake is great
But there's no sense crying (5) every mistake	It's so delicious and moist
You just keep on (6) until you run out of cake	Look at me (19) talking
And the (7) (8) done and you	When there's (20) to do
make a (9) gun	When I look out (21) it (22) me
For the people who are (10) alive	glad
I'm not even angry	I'm not you
I'm being so sincere right now	I've experiments to run
Even though you broke my heart and killed me	There is (23) to be done
And tore me to pieces	On the people who are (24) alive
And (11) every (12) (13)	And believe me I am still alive
a fire	I'm doing science and I'm still alive
As they burned it hurt because	I feel FANTASTIC and I'm still alive
I was so happy for you!	While you are (25) I'll be still alive
Now these (14) of data	And when you're dead I'll be still alive
Make a wonderful line	Still alive
And we're out of beta	Still alive
We're releasing on time	
So I'm glad	
I got burned	
Think of all the things we learned
