

Fill in the gaps

So long ago, I don't remember when	(Hey) Come on try a little
That's when they say I lost my only friend	Nothing is forever
Well they said she died easy of a broken heart disease	There's got to be something better than
As I listened through the (1) trees	In the middle
I seen the sun comin' up at the funeral at dawn	But me and Cinderella
The long (2) arm of (3) law	We put it all together
Now it always (4) such a waste	We can (18) it home
She always had a pretty face	With one headlight
So I (5) how she (6)	Well this place is old
(7) this place	It (19) just like a beat up truck
(Hey) Come on try a little	I (20) the engine, but the (21)
Nothing is forever	doesn't turn
There's got to be something better than	Well it smells of cheap wine and cigarettes
In the middle	This place is always (22) a mess
But me and Cinderella	Sometimes I (23) I'd like to watch it burn
We put it all together	I'm so alone, and I feel just (24) somebody else
We can drive it home	Man, I ain't changed, but I (25) I ain't the same
With one headlight	But somewhere here in between the city (26) of
She (8) it's cold	dyin'
It feels (9) Independence Day	Dreams (27) her death it must be killin' me
And I can't break away from (10) parade	(Hey, hey, hey) Come on try a little
But there's got to be an opening	Nothing is forever
Somewhere here in front of me	There's got to be (28) better than
Through (11) of ugliness and	In the middle
greed	But me and Cinderella
And I seen the sun up ahead	We put it all together
At the (13) bridge	We can drive it home
Sayin' all there's (15) and nothingness is dead	With one headlight
We'll run (16) she's out of breath	
She ran until there's nothin' left	
She hit the end it's just her (17)
