## Dance Of Death (Live) by Iron Maiden

	Below my undead body
Let me tell you a story to chill the bones	Just danced the circle of dead
About a thing that I saw	Until the time came to reunite us both
One night wandering in the everglades	My spirit came back down to me
I'd one drink but no more	I didn't know if I was (6) or dead
I was rambling, enjoying the bright moonlight	As the others all joined in (7) me
Gazing up at the stars	By luck then a skirmish started
Not aware of a presence so near to me	And took the attention away from me
Watching my every move	When they took their gaze from me
Feeling scared and I fell to my knees	Was the moment that I fled
As something rushed me from the trees	I ran like hell (8) than the wind
Took me to an unholy place	But behind I did not glance
And that is where I fell from grace	One thing that I did not dare
Then they summoned me over to (1) in with them	Was to look just straight ahead
To the (2) of the dead	When you know that your (9) has come around
Into the circle of fire I followed them	You know you'll be prepared for it
Into the middle I was led	Say your last goodbyes to everyone
As if time had stopped still I was numb with fear	Drink and say a prayer for it
But still I wanted to go	When you're lying in your sleep
And the (3) of the fire did no hurt upon me	When you're lying in your bed
As I walked onto the coals	And you wake from your dreams to go dancing with the dead
And I felt I was in a trance	When you're lying in your sleep
And my spirit was lifted from me	When you're lying in your bed
And if only someone had the chance	And you (10) from your dreams to go dancing with
To witness what happened to me	the dead
And I danced and I pranced and I sang with them	To this day I guess I'll never know
All had (4) in their eyes	Just why they let me go
Lifeless figures they were undead all of them	But I'll never go dancing no more
They had ascended from hell	'Til I dance with the dead
As I danced (5) the dead	
My free spirit was laughing and howling down at me
