

## Fill in the gaps

| I've been here before a few times       | Come on let me hold you        |
|---|--------------------------------|
| And I'm quite aware we're dying         | Touch you                      |
| And your hands they shake with goodbyes | Feel you                       |
| And I'll take you back if you'd have me | Always                         |
| So here I am I'm trying                 | Kiss you                       |
| So here I am are you ready              | Taste you                      |
