## I'm On Fire by Bruce Springsteen

## Fill in the gaps

| Hey (1)  | girl, is your daddy home? |                       |
|--|---------------------------|-----------------------|
| Did he go away and leave you all alone?                      |                           |                       |
| I got a bad desire   |                           |                       |
| Oh, oh, oh, I'm on fire                                      |                           |                       |
| Tell me now baby is he                                       | (2) to you?               |                       |
| Can he do to you the things that I do?                       |                           |                       |
| I can (3) you  | ı higher                  |                       |
| Oh, oh, oh, I'm on fire                                      |                           |                       |
| Sometimes it's like someone took a knife, baby, (4) and dull |                           |                       |
| And cut a six-inch valley through the middle of my skull     |                           |                       |
| At night I wake up with t                                    | the sheets (5) v          | vet                   |
| And a freight (6)  | running (7)               | the middle of my head |
| Only you can cool my desire                                  |                           |                       |
| Oh, oh, oh, I'm on fire                                      |                           |                       |
| Oh, oh, oh, I'm on fire                                      |                           |                       |
| Oh, oh, oh, I'm on fire                                      |                           |                       |
