A Gunshot To Head Of Trepidation by Trivium

You (1) (2)	Abuser
(3) on neglet	Now suffer
Then feed (4) (5)	Open fire
(6) fear	On the desire of the man
Concussion bat to the brain	Open fire
Witness to a battered mother	With strife we'll strike (23) the hand (open fire)
Your (7) will end (8) here	If I can't make you see the damage you've made (open fire)
No longer (9) your family fear	I'll make you wish you'd never been alive
A gunshot to head of trepidation	
My (10) if you ever lay a finger	Open fire
Just look at the scars you make	On the desire of the man
Your terror (11) (12) kids break	Open fire
A (13) home just as you (14)	With strife we'll (24) (25) the hand
raised	
With (15) raised up to your children	
Your (16) will end right here	
No (17) will your (18) fear	
A (19) to (20) of trepidation	
My (21) if you ever lay a finger	
You wretched (22) wrecker
