

Fill in the gaps

Please remedy my confusion	Pouring a caress on your shoulder
And thrust me back to the day	Puzzled by shrewd innocence
The silence of your seclusion	Runs a thick tide beneath
Brings night into all you say	Ushered into (4) graves
Pull me down again	Nails bleeding (5) the struggle
And guide me into pain	It is the end for the weak at heart
I'm counting nocturnal hours	Always the same
Drowned (1) in (2) sleep	A (6) for the (7) who've lost all
Faint flickering of your powers	Reeling inside
Leaks out to show what you keep	My gleaming eye in your necklace reflects
Pull me down again	Stare of primal regrets
And guide me into	You turn your back and you walk away
There is failure inside	Never again
This test I can't persist	Spiralling to the ground below
Kept back by the enigma	Like Autumn leaves left in the (8) to fade away
No criterias (3) here	Waking up to your (9) again
Deadly patterns made my wreath	And lapse into the ways of misery
Prosperous in your ways	
Pale ghost in the corner
