

## Fill in the gaps

## See you again by Carrie Underwood

Said goodbye, turned around	I will carry you (6) me
And you (1) gone, gone, gone	Till I see you again
Faded into the setting sun	Sometimes I feel my heart is breaking
Slipped away but I won't cry	But I (7) (8) and I hold on
Because I know I'll never be lonely	because I know
For you are the stars to me	I will see you again
You are the light I follow	This is not where it ends
I (2) see you again	I will carry you with me
This is not where it ends	I will see you again
I will carry you with me	This is not (9) it ends
Till I see you again	I will carry you with me
I can (3) those echoes in the (4) at	Till I see you again
night	Till I see you again
Calling me back in time	Till I see you again
Back to you in a place far away	Till I see you again
Where the (5) meets the sky	(10) goodbye, turned around
The thought of it makes me smile	And you were gone, gone, gone
You are my tomorrow	
I will see you again	
This is not where it ends
