

Fill in the gaps

us is

All (1) it was a fever	Makes me feel like I can't live without you
A cold sweat hot-headed believer	And it takes me all the way
I threw my hands in the air	Now I want you to stay
Said (2) me something	The reason I hold on
He said if you dare come a little closer	Because I need this hole gone
Round and around and around we go	Funny you're the broken one
Oh now tell me, now tell me now, (3) me now, you	But I'm the only one who needed saving
know	Because (8) you never see the light
Not (4) (5) how to feel about it	It's hard to (9) (10) one of
Something in the way you move	caving
Makes me feel like I can't (6) without you	Not really sure how to feel about it
And it takes me all the way	Something in the way you move
I want you to stay	Makes me feel like I can't live without you
It's not much of a life you're living	And it takes me all the way
It's not just something you take it's given	I want you to stay, stay
(7) and around and around and around we go	I want you to stay
Oh now tell me now, tell me now, tell me now, you know	
Not really sure how to feel about it	
Something in the way you move
