

## Fill in the gaps

### American Rejects by The All

<em>-So... tell me about your mother- (en algunas versiones)

</em>Doctor, doctor, could you please just give me something

For the state I'm in?

I'm having trouble and society believe

I got it wrong again

I'm one month sober

I don't think I'm getting over my predicament

But if I jumped out of the window what would she say?

It's not on me, it's all on you

We can't deny the (1)\_\_\_\_\_ we do

I can't believe her pretty (2)\_\_\_\_\_

Walked over me, all over me

Help me, help me doctor

It (3)\_\_\_\_\_ to be an awful lot for me to understand

I know I'm not a specimen

The troubles and the mess I'm in

I should be dead

He said, let's all think

Then you've had all your fun

It's time to be a man

So you better (4)\_\_\_\_\_ your bitc\*ing

Think about what the people would say

It's not on me, it's all on you

I can't prescribe what you want me to

You need some sleep, you better leave

He walked over me, all (5)\_\_\_\_\_ me

Wait until tomorrow, and it's gone

So long

Wait until tomorrow, so long

And it's gone

Wait until tomorrow

You beg and steal and borrow till it's gone

-He don't got a lot but he's got all he needs-

I need someone to love

-And all he's got well it's all that he needs-

Somebody (6)\_\_\_\_\_ me because

I could hear the voices in the tube

To get me through anything

I do and anything (7)\_\_\_\_\_ do good by me

A (8)\_\_\_\_\_ pill, a little thrill

Should I take it? I think I will

And anything will do good so

As long as it's always too good

Either way I don't give a d\*mn

What you people all say

All now boy

It's not on me, it's all on you

I can't deny the things I do

I can't believe her pretty feet

Walked (9)\_\_\_\_\_ me, all over me

It's not on me, it's all on you

There comes a time to (10)\_\_\_\_\_ the truth

So you can see me when I leave

Walk over you, all over you yeah

## Fill in the gaps

Answer

1. things
2. feet
