

And through the night, your face I see $\,$

Fill in the gaps

Doom and gloom by The Rolling Stones

I had a (1) (2) night	Baby take a chance
I was piloting a plane	Baby won't you dance (14) me?
And all the (3) were drunk and	Baby won't you dance with me?
nsane	Fracking deep for oil but there's nothing in the sump
I crash landed in a Louisiana (4)	There's kids all picking at the garbage dump
Shot up a (5) of zombies	I am running out of water so I better prime the pump
But I come out on top	I am (15) to stay sober but I end up drunk
What's it all about?	We'll be eating dirt
Guess it just reflects my mood	(16) on this side of the road
Sitting in the dirt	There's some (17) for thought
Feeling kind of hurt	(18) of (19) their (20)
All I hear is doom and gloom	(21)
And all is darkness in my room	Feeling kind of hurt
Through the light, your face I see	But all I hear is doom and gloom
Baby take a chance	And all is (22) in my room
(6) won't you (7) (8) me?	Through the night, your face I see
Lost all the treasure in an overseas war	Baby, (23) on
It just goes to (9) you don't get what you paid for	Baby won't you (24) with me?
Bowing to the rich and you worry about the poor	Baby won't you dance (25) me?
Put my feet up on the couch and lock out the doors	I'm feeling kind of hurt
Hear a funky noise	Baby won't you dance with me?
That's the tightening of the screws	Come on, dance with me
Feeling (10) of hurt	I'm sitting in the dirt
Sitting in the dirt	(26) won't you dance with me?
All I hear is (11) and gloom	
But when (12) drums go boom (13)	
ooom
