

Fill in the gaps

My mother used to tell me you're the apple of my eye	And let us see who (7) not blink first
Now I wish to tell you, you are mine	Not I, not I
I like to steal a smile from you	All things changing,
A kiss from time to time	Us just getting by
Whatever doesn't get me off (1) mind	You're still the apple of my eye
Move side to side	Unchanging, always side to side
And let me get a good look at you	You are the apple of my eye
Eye to eye	The apple of my eye
And let us see who does not blink first	Let our sun shine bright
Not I, not I	So everyone can (8) it
All (2) changing,	Day and night
Us just getting by	It'll be our little secret
You're still the apple of my eye	All things changing,
Unchanging, always side to side	Us just getting by
You are the apple of my eye	You're still the apple of my eye
I feel (3) we got (4) the door	Unchanging, (9) side to side
when no one was looking	You are the apple of my eye
But we're still watching from the outside in	The apple of my eye
Move (5) to side	
And let me get a good (6) at you	
Eye to eye
