

## Fill in the gaps

I wanna be drunk when I wake up	You see the flicker of the clip when they light up
On the right side of the wrong bed	Flames just create us
And every excuse I made up	Burns don't heal like before
Tell you the truth I hate	You don't hold me anymore
(1) didn't kill me	On cold days Coldplay's out like the band's name
It never made me stronger at all	I know I can't heal things with a hand shake
Love will scar your make-up lip sticks to me	You know I can't change as I began saying
So now I'll maybe leave back there	You cut me wide open like landscape
I'm sat here wishing I was sober	Open bottles of beer but never champagne
I know I'll never hold you like I used to	We'll applaud you with the sound that my hands make
But our house gets cold (2) you cut the heating	Should I, (9) I?
Without you to hold I'll be freezing	(10) I'll get drunk again
Can't rely on my heart to beat it	I'll be drunk again
Because you (3) (4) of it every evening	I'll be drunk again
Take words out of my mouth just from breathing	To feel a little love.
Replace with phrases like when you're leaving me	All by myself
Should I, should I?	I'm here again
Maybe I'll get (5) again	All by myself
I'll be (6) again	You know I'll never change
I'll be drunk again	All by myself
To feel a little love	All by myself
I wanna hold your (7) in (8) hands	I'm just drunk again
I'll watch it fizzle at the bottom of a Coke can	I'll be drunk again
And I've got no plans for the weekend	I'll be drunk again
So shall we speak then	To feel a little love
Keep it between friends	
Though I know you'll never love me like you used to.
