The way I tend to be by Frank Turner

Some mornings I pray for evening	You (10) save me from the way I tend to be
For the day to be done	Because I've said I love you so many times
Some summer (1) I hide away	That the (11) kind of die in my mouth
And (2) for rain to come	And I meant it each (12)
Because it turns out hell will not be found	With each beautiful (13)
(3) the fires below	But (14) it (15) works out
But in making do and muddling through	But you (16) apart in my calloused heart
When you've nowhere else to go	And you taught me and here's what I learned
But then I remember you	That (17) is about of the (18)
And the way you (4) like truth in all you do	you (19)
And if you remembered me	And not just three small words
You could (5) me from the way I tend to be	And then I catch myself
The way I (6) to be	(20) your (21) o
Some days I wake up dazed, my dear	someone else
And I don't (7) where I am	In a crowded space
I've been running now so long I'm scared	And it takes me (22)
I've forgotten how to stand	I cannot quite place
I stand alone in airport bars	And then I remember you
And gather thoughts to think	And the way you shine like truth in all you do
That if all I had was one long road	And if you remembered me
It (8) drive a man to drink	You (23) save me from the way I tend to be
But then I remember you	The way I tend to be
And the way you shine like (9) in all you do	The way I (24) to be
And if you remembered me
