

## Fill in the gaps

-Could have, could-	I'm sorry you're in so deep
As a child, my mother said to me	And if the man in white comes over
Don't be afraid to lead the way you see	Then I know you'll still be there for me
And it's (1) you who knows	To chase down the wolves around us
Nobody else can see	I (7) the memories inside my mind
But do I chase myself into the dark?	To show me how to leave the darkness
In the (2) ways to lead me back to start	You will take me home and then believe me
But you (3) it easy, you	And know I was so scared, I (8) not see the
To be who I want to be	light
And if the man in white (4) over	I didn't want to be alone
Then I know you'll still be there for me	But you just stand there
To chase down the wolves around us	Watch them hold me down
I keep the memories inside my mind	I need to know that you're around
To show me how to leave the darkness	(9) I was so scared, I could not see the light
You will take me home and then believe me	I didn't want to be alone
-Could have, could-	But you just (10) there watch them hold me
Take my hand and lead me out from here	down
(5) down, (6) footsteps drawing	I need to know that you're around
near	
I knew you would come for me
