

## Fill in the gaps

Slow down	And even (9) she moved away
We've got time left to be lazy	We (10) get calls (11) our
All the kids (1) bloomed from babies	daughter
Into flowers in our eyes	She has eyes just like her father's
We've got 50 good years left to spend out in the garden	They are blue when skies are grey
I don't care to beg your pardon	And (12) like him, she (13) stops
We should live until we die	(14) takes the day for granted
We were barely 18	Works for everything that's handed to her
When we'd crossed (2) hearts	Never once complains
It was cold, but it got warm	You think (15) I nearly (16) you
When you'd barely crossed my eye	When the doctors (17) to take you away
And then you turned, put out your hand	But like the (18) you (19) my hand
And you asked me to dance	beside the fire
I knew nothing of romance	30 years ago to this day
But it was (3) at second sight.	You swore you'd be here
I swear when I grow up	Till we decide that it's our time
I won't just buy you a rose	But it's not time, you've never quit in all your life
I will buy the flower shop	So just (20) my hand
And you will never be lonely	You know that I'll never (21) (22)
Even if the sun stops waking up over the fields	side
I will not leave, I will not (4) till it's our time	You're the love of my life
So just take my hand, you know that	You (23) that I'll never leave your side
I will never leave your side	You (24) (25) from work and you kiss
It was the winter of 86	me on the eye
All the (5) had frozen over	You curse the dogs
So we moved to Arizona	You say that I (26) never (27)
To save our (6) son	them
And now he's (7) to a man	"Wacht its eyes"
Although he thinks just like his mother,	And so we move out to the garden
He believes we're all just lovers	Look at everything we want
He sees (8) in everyone.	And the kids are coming home
	So I'll set the table
	You can make the fire
