

## Fill in the gaps

| I fill my head (1) the future                  | In my mouth, it's just so bittersweet           |
|--|---|
| (2) my (3) with the sky                        | It's like they're in your eyes                  |
| I (4) my (5) get left behind                   | A mouthful grin                                 |
| But I never (6) more alive                     | It should be easy, but it's hard to leave       |
| I (7) conversations, speeding it down the line | Yeah, this (19) treat us                        |
| (8) in your eyes I (9) had this                | And it's (20) a long, hard drive                |
| goodbye  | Painful in the morning                          |
| But I never felt more alive                    | When (21) best friend is the night              |
| I can taste it                                 | Flying (22) the mountain and never looking down |
| In my mouth, (10) just so bittersweet          | I never felt (23) alive                         |
| It's (11) in                                   | Dread is gonna find us                          |
| (13) eyes                                      | A hope into your eyes                           |
| A mouthful grin                                | (24) I never felt more alive                    |
| It (14) be easy, but it's hard to leave        | I can (25) it                                   |
| The time in the fire is ugly                   | In my mouth, (26) just so bittersweet           |
| You won't know if you won't try                | It's like they're in your eyes                  |
| Love bring on my (15) and I walked away hurt   | A mouthful grin                                 |
| But I never (16) alive.                        | It should be easy, but it's hard to leave       |
| Talking about connection                       |   |
| (18) I might have fused a while                |   |
| You are never sight as our voices die          |   |
| But I never felt more alive                    |   |
| I can taste it                                 |   |
