Tattoos on this town by Jason Aldean

There's still black marks on that (1) road	It's everything we're made of
Where we drag raced our pick ups	It sure left it's mark on us,
And mustangs	We sure (7) our mark on it
And weathered on the summer rain	We let the world know we were here
And to this day up on that overpass	With everything we did
Even underneath the new paint, you can still see:	We laid a lot of memories down,
"Allie will you marry me?"	Like tattoo's on this town
(2) a ride, look around	Like tattoo's on this town
There ain't no doubt	Everywhere, there we are
It sure left it's mark on us,	It hits me right, in my heart
We sure left our mark on it	It sure left it's mark on us,
We let the world know we were here	we (8) left our mark on it
With everything we did	We let the world know we (9) here
We (3) a lot of memories down	With everything we did
Like tattoo's on this town	We laid a lot of memories down,
There's still a rope burn on the old branch,	But we'll always be hanging around
that (4) (5) the river, I still got the	(10) tattoo's on this town
care	Like tattoo's on this town
From swinging out a little too far	
There ain't a corner of this hallowed ground,	
(6) we ain't laughed or cried on,
