

Fill in the gaps

I'm a red and fragile rose	I'll lift you up
Won't grow in the dark alone	You (5) my hands shake
Take me there because I need to find the light	I watch the glass break
I (1) that I'm scared of this	Around my guarded heart tonight
But you believe so I'll take the risk	This ain't no mistake, you make my earth quake
Hold me and tell me I'm alright	You feel like thunder in the sky
Now I'm falling down	Like thunder, thunder
You lift me up to the clouds	Thunder, thunder
Yes I'm falling down	Like thunder, thunder
You lift me up	You feel like thunder in the sky
You make my hands shake	I was broken and starting to think
I watch the glass break	That I should be ashamed
Around my guarded heart tonight	(6) and nervous and naked and
This ain't no mistake, you make my earth quake	feeling afraid
You feel like thunder in the sky	Then you came and told me and showed me
Like thunder, thunder	To fight through the rain
Thunder, thunder	(7) through the rain, to fight
Like thunder, thunder	(8) the rain
You feel like thunder in the sky	You make my hands shake
Broke (2) saw an open road	I watch the glass break
Footsteps lead me to your soul	Around my guarded heart tonight
Now I run with a home to go to	Around my guarded heart tonight
Never thought I'd be this happy	This ain't no mistake, you (9) my earth quake
If you're asking, yes you have me	You feel like (10) in the sky
How you changed my thoughts you'll never know	Like thunder, thunder
So (3) you're (4) down	Thunder, thunder
I'll lift you up to the clouds	Like thunder, thunder
Yes, when you're falling down	You feel like thunder in the sky
