

## Fill in the gaps

I said why?, did you ever even try?	I'm (15) way too choosy
(1) but never find	I'm just way too choosy
(2) (3) slowly	Stop, drop, go through, open up the letter
You left me so damn lonely	Don't you (16) to make it any better
Try, stepping back to when we rhymed	Baby, don't you ever (17) why?
Maybe recreate the times	(18) up, it's not that I think I'm clever
You were shy but happy	I (19) know (20) we could do much
And we were fine and dandy	better
(4) we are again, oh	Baby, don't you ever wonder why
But backseat love don't move me	I was never by your side?
I'm just far too choosy	And I wonder why
Stop, drop, go through, (5) up the letter	And I wonder why
Don't you want to make it any better?	Wonder why and I wonder why
(6) don't you (7) wonder why?	Wonder why, why, why
(8) up, it's not that I think I'm clever	Stop, drop, go through, open up the letter
I just know that we could do much better	Don't you want to make it any better?
Baby, don't you ever (9) why	And I (21) why
I was never by your side?	Stop, drop, go through, (22) up the letter
Sigh, (10) a deep breath and rewind	Don't you want to (23) it any better?
(11) your tongue and let it slide	Baby don't you (24) wonder why?
Got to see a doctor	Stop, drop, go through, open up the letter
Maybe that (12) shock you	Don't you want to make it any better?
Love don't die, no	(25) don't you ever (26) why? No
Especially when it penetrates and leaves you blind	Back up, it's not (27) I think I'm clever
And (13) mad and reckless	I just know that we could do much better
Got you feeling breathless	Baby, don't you ever wonder why
And here we go again	I was (28) by your side?
The backseat love don't (14) me
