

## Fill in the gaps

| Hey son                         | I'm waiting              |          |    |
|---------------------------------|--------------------------|----------|----|
| I'm looking forward             | I'm waiting              |          |    |
| You're leaning backwards        | Right (12) now           |          |    |
| Of (1) I'm sure                 | I'm waiting              |          |    |
| Have you had enough?            | For someone              |          |    |
| Are you (2) rough?              | Or something             |          |    |
| (3) your skull hurt?            | To take me               |          |    |
| (4) if it's warm                | To take me over          |          |    |
| Cos I am taking (5) what's mine | Days                     |          |    |
| I am (6) back the time          | Days are forgotten       |          |    |
| You may call it suicide         | Now it's all over        |          |    |
| But I'm being (7) again         | Simply forgotten         |          |    |
| I'm waiting                     | How to disappear         |          |    |
| I'm waiting                     | Days                     |          |    |
| Right here now                  | Days are forgotten       |          |    |
| I'm waiting                     | Now it's all over        |          |    |
| For someone                     | Simply forgotten         |          |    |
| Or something                    | How to disappear         |          |    |
| To take me                      | I saw (13)               | out (14) | on |
| To take me over                 | the darkest star         |          |    |
| Days                            | You (15) (16)            | home     |    |
| Days are forgotten              | Chewing on monkey brains |          |    |
| Now it's all over               | I am not here            |          |    |
| Simply forgotten                | I'm just a silhouette    |          |    |
| How to disappear                | You (17) never           |          |    |
| Home bred                       | Ever ever forget         |          |    |
| I've got blood lust             | Days                     |          |    |
| Feeding you bread crust         | Days are forgotten       |          |    |
| I (8) no scar                   | Now it's all over        |          |    |
| You say I'm old hat             | Simply forgotten         |          |    |
| A fucking dirty rat             | How to disappear         |          |    |
| Call me a cliche                | Days                     |          |    |
| How (9) you are                 | Days are forgotten       |          |    |
| Cos I am (10) bag of bones      | Now it's all over        |          |    |
| I am righting all your wrongs   | Simply forgotten         |          |    |
| You may (11) it suicide         | How to disappear         |          |    |
| But I'm being born again        |                          |          |    |
