

Fill in the gaps

This is the last time, you say	You won't remember in the morning
(1) the last line you break	You (5) (6) during foreplay
It's not even a holiday	'Cause the pills you take are more your forte
Nothing to celebrate	I'm not sticking (7) to watch you go down
You give a hundred reasons why	Wanna be your lover
And say you're really gonna try	Not your fu*king mother
If I had a nickel for every time	Can't be your savior
I'd own the bank	I don't have the power
Thought I was the exception	I'm not gonna stay
I could re-write your addiction	And watch you circle the drain
You (2) have been the greatest	Watch you circle the drain
But you'd rather get wasted	Watch you circle the drain
You fall asleep during foreplay	You fall (8) during foreplay
'Cause the pills you take are more your forte	'Cause the pills you take are more your forte
I'm not sticking (3) to watch you go down	I'm not sticking (9) to watch you go down
Wanna be your lover	-I'm not sticking around-
Not your fu*king mother	Wanna be your lover
Can't be your savior	Not your fucking mother
I don't have the power	Can't be your savior
I'm not gonna stay	I don't have the power
And watch you circle the drain	I'm not gonna stay
Watch you circle the drain	And watch you circle the drain
Watch you circle the drain	Watch you circle the drain
You say you have to write your rhymes	Watch you circle the drain
Whatever half asleep at night	Watch you circle the drain
You've become what you despise	Watch you circle the drain
A stereotype	You're going down
You think you're so rock and roll	(bis)
But you're really just a joke	You fall asleep during foreplay
Had the world in the palm of your hand	'Cause the pills you take are more your forte
But you fu*king choked	I'm not (10) around to watch you go
Should (4) been my teammate	down
Could have changed your fate	
You say that you love me
