I never had anything happen so fast	Without a warning
Took one look and I shattered like glass	Like night when the morning (6) the day
I guess I let it show	I was swept away
Cause your (1) told me you knew	Away, (7) my tomorrow's in your eyes
That you're everything I ever wanted at once	I was swept away
There's no holding this heart	Oo, I hope I wake up soon
When it knows what it wants	Oo, I'm a victim of that crazy moon
And I never wanted anything more (2) to know you	The very first time you said my name
I was swept away	I (8) it would never sound the same
No one in the world but you and I	Something about me has changed forever
Gotta find a way	Can't you see I am swept away
To make you feel the way that I do	No one in the world but you and I
I was swept away	Gotta find a way
Without a warning	To make you feel the way that I do
Like (3) when the morning begins the day	I am swept away
I was swept away	Without a warning
And so it begins	Like night (9) the (10) begins
This (4) of love	the day
The summer wind carries us to places all our own	I was swept away
The words of a look	Away, seeing my tomorrow's in your eyes
The language of touch	Gotta find a way
The way that you want me (5) so much	To make you feel the way that I do
And I never wanted anything more	I was swept away
Than to love you	Without a warning
I am swept away	Like night when the morning begins the day
No one in the world but you and I	I was swept away
Gotta find a way	We were swept away
To make you feel the way that I do	Dreaming of you
I am swept away	Swept away
