

Fill in the gaps

I found a stare for your (1) eyes	Let you waste your wonderful words
And falls high to shut them tight	In my (16) I circled (17)
To (2) I (3) I could never lie	(18) (19) red ink
To (4) I (5) you cry	(20) I woke you (21) already hurt
Couldn't let you cover my bones with kisses	Don't let me darken the nights you sleep
Couldn't love you desperately	Don't let me into the thoughts you keep
See (6) one-shot shatters the glass	See you owe no sympathy to me
Then misses and you stand reflected in me	Let it fall (22) (23) the rain
Don't let me darken the nights you sleep	Let it fall down
Don't let me (7) the (8) you	Let it (24) down (25) the rain
keep	Let it fall down
See you owe no (9) to me	Don't let me darken the nights you sleep
A (10) for you open palm	Don't let me (26) the thoughts you keep
And a white (12) over your bloody heart	See you owe no sympathy to me
To (13) I thought I was all you are	
I was (14) the start	
Couldn't let you cradle my head or stay
