

Fill in the gaps

All the lights agree (1)	For the first time, (5) time let your light shine
(2) speed	Oh so brighter that still
Every road is clear	(6) higher let your light shine
Heading to nowhere	See it all the other stars
But I feel, I feel so alive for the first time	For the first time, first time let your light shine
Put (3) hand to mine and let's blaze across the	And no longer feel the night
sky	Brighter, brighter let (7) light shine
You'll see there are no way through another lips	Tonight, tonight we watch the world come to life, to life
Because it feels, this feels like us for the first time	Alive, alive (8) the world come to life
For the first time, first time, let your light shine	It will be alright
Oh so brighter that still	For the first time, first time let your light shine
Higher higher let your light shine	Oh so (9) still
See it all the other stars	Higher higher let your light shine
For the first time, first time let your light shine	See it all the other stars
And no longer feel the night	For the first time, first time let your light shine
Brighter, brighter let your light shine	And no longer feel the night
For the first time	Brighter, brighter let your light shine
No more rules to break	For the first time, for the first time
It's your life to waste	
(4) we need	
All that silver screen	
And it feels, feels like your mind for the first time
