

## Fill in the gaps

Can you see me?	We're gonna let it show
Because I'm right here	We're (6) just let go off everything
Can you listen?	Holding back our dreams and try
Because I've been (1) to make you notice	To make it come alive
What do you mean to me	Come on let it shine so they can see
To (2) like somebody	We were meant to be somebody
We've been on our way to nowhere	Somebody, somebody, yeah
Trying so hard to get there	Somehow, someday, someway, somebody
And I say, oh!	We will walk out of this darkness
We're gonna let it show	Feel the spark light glowing like the yellow sun
We're gonna (3) let go off everything	And (7) we'll fight, we'll fight together
Holding back our dreams and try	Till we get back up
To make it come alive	And we (8) rise as one
Come on let it shine so they can see	We're gonna let it show
We were meant to be somebody, somebody	We're gonna just let go of everything
Somehow, someday, someway, somebody	Holding back our dreams and try
I'm so tired of being invisible	To make it come alive
But I feel it, yeah	Come on let it shine so they can see
Like a fire below the (4) trying to set me	We (9) meant to be somebody
free	Somebody, somebody
Burning inside of me	Somehow, someday, someway, somebody
Because we're standing on the edge now	
It's a long way (5)	
But I say, oh!
