

## Fill in the gaps

| I'm sitting down here, but hey, you can't see me | But you (17) be aware                            |
|--|--|
| Your words cut rather deeply                     | But I've learned to get revenge                  |
| They're just (1) other lies                      | And I swear you'll experience (18) someday       |
| I'm hiding (2) a distance                        | I'm sitting down here, but hey, you can't see me |
| I've got to pay the price                        | Kind of invisible, you don't sense my stay       |
| Defending all against it                         | Not really hiding, not like a shadow             |
| I (3) don't (4) why                              | Just thought I would join you for one day        |
| You're (5) with all my secrets                   | I'm sitting down here, but hey, you can't see me |
| You always make me cry                           | Kind of invisible, you don't (19) my stay        |
| You seem to (6) to hurt me                       | Not (20) hiding, not like a shadow               |
| No matter what I do                              | Just thought I would (21) you for one day        |
| I'm telling just a (7)                           | You seem to (22) to (23) me                      |
| But somehow it gets to you                       | No matter what I do                              |
| But I've learned to get revenge                  | I'm telling (24) a couple                        |
| And I (8) you'll experience that someday         | But somehow it gets to you                       |
| I'm sitting down here, but hey, you can't see me | But I've learned to get revenge                  |
| Kind of invisible, you don't sense my stay       | And I swear you'll experience that someday       |
| Not really hiding, not like a shadow             | I'm sitting down here, but hey, you can't see me |
| Just thought I would join you for one day        | Kind of invisible, you don't sense my stay       |
| I'm sitting down (9) but hey, you can't see me   | Not really hiding, not like a shadow             |
| I'm not trying to (10) you                       | Just thought I would join you for one day        |
| (11) don't wanna hear your voice                 | I'm sitting down here, but hey, you can't see me |
| When you call me up so often                     | Kind of invisible, you don't sense my stay       |
| I don't (12) have a choice                       | Not (25) hiding, not like a shadow               |
| You're talking like you (13) me                  | Just thought I would join you for one day        |
| And wanna be my friend                           | I'm (26) down here, but hey, you can't see       |
| But that's (14) too late now                     | me   |
| I won't try it once again                        | Kind of invisible, you don't sense my stay       |
| You may think (15) I'm a loser                   | Not really hiding, not like a shadow             |
| That I don't (16) care                           | Just thought I would join you for one day        |
| You may think that it's forgotten                |  |
