Didn't (1) what this would be	My lips sealed
But I knew I didn't see	My (5) closed
What you thought you saw in me	And my eyes peeled
jumped the gun	Welcome to the (6) of
So sure you'd split and run	my mind
Ready for the worst before the damage was done	So dark and foul I can't disguise, can't disguise
The storm never came	Nights (8) this I become afraid
Oh, it never was	Of the darkness in my heart
Didn't know getting lost in the blue	Hurricane
He damned how I ran after losing you	Make ash and leave the dust behind
Nelcome to the (2) workings of my mind	(9) "diamond in the sky"
So (3) and foul I can't disguise, can't disguise	Wild light, glowing bright
Nights like this I become afraid	To guide me when I fall
Of the darkness in my heart	I fall on tragedy
Hurricane	Welcome to the inner (10) of my mind
What's (4) with me	So dark and foul I can't disguise, can't disguise
Why not understand and see	Nights like this I become afraid
never saw	Of the darkness in my heart
What you saw in me	Hurricane
