Hey baby won't you look my way	I can hear the chit-chat
I can be your new addiction	Take me to your love shack
Hey baby (1) you got to say	Mama's always got a backtrack
All you are giving me is fiction	When everybody talks back
I'm a sorry (2) and this happens all the time	Never thought I'd live to see the day
I find out that everybody talks	When everybody's words got in the way
Everybody talks	Hey sugar show me all your love
Everybody talks	All you're (4) me is friction
It started with a whisper	Hey sugar what you got to say
And that was when I kissed her	It started with a whisper
And then she made my lips hurt	And that was when I kissed her
I can hear the chit chat	And then she made my (5) hurt
Take me to your love shack	I can hear the chit-chat
Mama's (3) got a backed truck	Take me to your love shack
When everybody talks back	Mama's always got a backtrack
Hey honey you could be my drug	When Everybody talks back
You could be my new prescription	Everybody talks
Too much, get me an overdose	(bis)
All this trash talk make me itching	It started with a whisper
Oh my my shit everybody talks	And (6) was when I (7) he
Everybody talks	Everybody talks
Everybody talks too much	(8) talks
It started with a whisper	Everybody talks back
And that was when I kissed her	
And then she made my lips hurt
