

## Fill in the gaps

Watch to the light	It doesn't matter in the end
It won't save you tonight	(12) go by and we all start
All our lesson is	again
Pictures lost in time	(14) you had and (15) you lost
(1) enough, towers crumble to dust	They're all memories in the wind
(2) (3) on the moments of our	Those days go by and we all start again
lives	(16) go by
All your anger, all your hurt	All (17) anger, all your hurt
It (4) in the end	It (18) in the end
(6) days go by and we all start again	Those days go by and we all start again
What you had and (7) you lost	(20) you had and what you lost
They're all memories in the wind	(21) all (22) in
Those (8) go by and we all start again	the wind
(9) still burn bright	(23) days go by and we all start again
Seasons change overnight	What you had, what you lost
As we find a way	What you had, what you lost
The times (10) come and go	Those days go by
(11) back in love, a new day rises above	Those days go by
With no end it comes, to carry you back home	Those days go by
All your anger, all your hurt
