

Yeah, no one else I know

That shines as bright as you in my telescope

Fill in the gaps

Well, I tried to fake it	I tried to let it fade
Baby, I tried to break it	But I can't get away
But that's some kind of (1) you got	I really hope you're listening
(2) me	Because I never thought I would say
You're a heavenly vision	I can't help myself from falling in love
(3) to make it my mission	From falling in love with you, yeah
Do whatever it takes to get you (4) me	I can't help myself from taking the drug
Everywhere I go	From taking the drug
Yeah, no one else I know	It's you, yeah
That shines as bright as you in my telescope	It happens every time
I tried to let it fade	Can't get you off my mind
But I can't get away	And anybody else better wait in line
I really hope you're listening	I can't help myself from falling in love
Because I never thought I would say	(8) falling in love with you, yeah
I can't help myself (5) falling in love	They told me "Son, you'll be addicted"
From (6) in love (7) you, yeah	You stole a kiss
I can't help myself from taking the drug	And now I see it
From taking the drug	You're in my veins
It's you, yeah	And I can feel it
It happens every time	Taking over me
Can't get you off my mind	I can't help myself from falling in love
And anybody else better wait in line	From falling in love with you, yeah
I can't help myself from falling in love	I can't help (9) from taking the drug
From falling in love with you, yeah	From taking the drug
Every time you come calling	It's you, yeah
Didn't think I'd be falling	It happens every time
Never thought It'd be you	Can't get you off my mind
I would always needed	And anybody else better wait in line
Love was something to run from	I can't help myself from falling in love
I was always the last one	From falling in love with you, yeah
That everyone thought would be in this dream
