

## Fill in the gaps

No attorneys	No orbits
To plead my case	To send me into outta space
No orbits	And my fingers
To send me into outta space	Are bejeweled
And my fingers	(6) diamonds and gold
Are bejeweled	But that ain't gonna help me now
(1) diamonds and gold	You think your right
But that ain't gonna help me now	But you were wrong
I'm trouble	You tried to take me
Yes trouble now	But I knew all along
I'm trouble you all	You can (7) me for a ride
I disturb my town	Because I'm not a fool out
I'm trouble	So you better run and hide
Yes trouble now	I'm trouble
I'm trouble you all	Yes trouble now
I got trouble in my town	I'm trouble you all
You think (2) right	I disturb my town
But you were wrong	I'm trouble
You (3) to take me	Yes (8) now
But I knew all along	I'm trouble you all
You can take me for a ride	I got (9) in my tow
I'm not a fool out	So if you see me coming
So you better run and hide	Down the street then
I'm trouble	You know it's time to
Yes trouble now	Go -go, I got
I'm trouble you all	I'm trouble
I (4) my town	Yes (10) now
I'm trouble	I'm trouble you all
Yes trouble now	I disturb my town
I'm trouble you all	I'm trouble
I got trouble in my town	Yes trouble now
If you see me coming	I'm trouble you all
Down the street then	I got trouble in my town
You know it's time to	(bis)
Go -and you know it's time to go	I got trouble in my town
