## Everything has changed by Taylor Swift

All I knew this morning when I woke is	Know you better now
know something now, know something now I didn't before	I just want to know you, know you, know you
And all I've seen since 18 hours ago is	Because all I know is we said hello
Green eyes and freckles and your smile	And your eyes look like coming home
n the back of my mind making me feel like	All I know is a simple name and (6)
just want to know you better, know you better	has changed
Know you better now	All I know is you held the door
just want to know you better, (1) you better	You'll be mine and I'll be yours
Know you better now	All I know since yesterday is everything has changed
just want to know you better, know you better	Come back and tell me why I'm feeling like
Know you better now	I've missed you all this time
just want to know you, know you, know you	And (7) me there tonight
Because all I know is we said hello	And let me know that it's not all in my mind
And your eyes look like coming home	I just want to know you better, know you better
All I know is a simple (2) and everything has	Know you better now
hanged	I just want to know you, know you, know you
All I know is you held the door	Because all I know is we said hello
You'll be (3) and I'll be yours	And your eyes look like (8) home
All I know (4) yesterday is everything has	All I know is a simple name and everything has changed
hanged	All I know is you held the door
And all my walls	You'll be (9) and I'll be yours
Stood tall painted blue	All I know since yesterday is everything has changed
But I'll take them down, take them down	All I know is we said hello
And open up the door for you	So dust off your highest hopes
And all I feel in my stomach is butterflies	All I (10) is pouring rain
The beautiful kind making up for lost time	And everything has changed
Taking flight, making me feel like	All I know is a new found grace
just want to know you better, know you better	All my days, I'll know your face
