The Star Wars that I used to know by Teddie Films

Now and then I think of when I was in power		But Star Wars will be done my way
Like choking people with the Force until they died		I don't care what they have to say
But then you told them all my history		I think that they should let it go
And took away my masculinity		Or they'll never get the Blu-Ray
And had my character (1)	by subpar	Of the Star Wars that you used to know
actors		You didn't have to change it all
You are now addicted to an overuse of graphics		No more puppets, no more (5)
And making Greedo shoot first? Han shot first!		(6) or nothing
So (2) you tried to have the Force make sense		I don't even need your love
You introduced the midichlorians		But you treat me like a Bantha and that feels so cold
And what's the deal with having me be dubbed over		No you didn't have to sell (7) soul
But you didn't have to change it all		Do we really need to watch them all again in 3D?
Make them (3) they never happened		Jar Jar was an all time low
And the fans are nothing		What happened to the Star Wars that I used to know?
I don't even need your love		The movies
But you treat me like a Bantha and that feels so rough		I used to know
No you didn't have to make them blow		The movies
Have your friends direct your movies		What happened to the Star Wars that I used to know?
And they'll turn out better		The movies
You think that you don't need them though		I (8) to know
What happened to the Star Wars that I used to know?		The movies
What happened to the (4) Wars that	at I used to	What happened to the Star Wars that I used to know
know		I used to know
What happened to the Star Wars that I used to know		That I used to know
What happened to the Star Wars that I used to know		I used to know
Now and then I think of all the times		That I used to know
I screwed fans over		
I had them believing that the first three films
