

## Fill in the gaps

## The Star Wars that I used to know by Teddie Films

| Now and then I think of when I was in power            | But Star Wars will be done my way                     |
|--|---|
| Like choking people with the Force until they died     | I don't care what they have to say                    |
| But then you told them all my history                  | I think that they should let it go                    |
| And took away my masculinity                           | Or they'll never get the Blu-Ray                      |
| And had my (1) portrayed by subpar                     | Of the (17) Wars that you used to know                |
| actors   | You didn't have to change it all                      |
| You are now addicted to an overuse of graphics         | No more puppets, no more practical effects or nothing |
| And making Greedo shoot first? Han shot first!         | I don't (18) need your love                           |
| So when you (2) to have the Force make sense           | But you treat me like a Bantha and that feels so cold |
| You introduced the midichlorians                       | No you didn't have to sell your soul                  |
| And what's the deal with (3) me be dubbed              | Do we really need to watch them all again in 3D?      |
| over   | Jar Jar was an all (19) low                           |
| But you didn't have to change it all                   | (20) happened to the Star Wars (21) I                 |
| (4) them like they never happened                      | used to know?   |
| And the (5) are nothing                                | The movies  |
| I don't even need your love                            | I used to know  |
| But you treat me like a Bantha and that feels so rough | The movies  |
| No you didn't have to (6) them blow                    | What happened to the Star Wars that I used to know?   |
| Have your friends direct (7) movies                    | The movies  |
| And they'll (8) out better                             | I used to know  |
| You (9) that you don't need them though                | The movies  |
| What happened to the Star Wars that I used to know?    | What (22) to the Star Wars that I used                |
| What happened to the (10) Wars that I used to          | to know   |
| know   | I used to know  |
| What happened to the Star Wars that I used to know     | That I used to know                                   |
| What happened to the Star Wars that I used to know     | I (23) to know  |
| Now and then I think of all the times                  | That I (24) to know                                   |
| I screwed (11) over                                    |   |
| I had (12) believing (13) the                          |   |
| (14) (15) (16)   |   |
| Were really done                                       |   |
