

## Fill in the gaps

You were standing with your giriffends in the street	A little (7) and truth, I didn't ask for
Falling back on forever	much, no
I wonder what you came to be	Talk about being at the wrong place
I was new in town, the boy with the eager eyes	At the wrong time
I never was a quitter	Miss Atomic Bomb
Oblivious to schoolgirls' lies	Making out we've got the radio on
When I look back on those neon lights	You're gonna miss me when I'm gone
The leather seats, the passage rite	You're gonna (8) me when I'm gone
I feel the heat, I see the light	Racing shadows under moonlight
(1) Atomic Bomb	We're taking chances on a hot night
Making out, we've got the radio on	And for a second there we'd won
You're gonna miss me when I'm gone	Yeah we were innocent and young
You're gonna miss me when I'm gone	The dust cloud has settled, and my eyes are clear
Racing shadows under moonlight	But sometimes in dreams of impact I still hear
Through the desert on a hot night	(9) Atomic Bomb, I'm standing here
And for a (2) there we'd won	Sweat on my skin
Yeah, we were innocent and young	And this love that I've cradled
Cast out of the night, well you've got a foolish heart	Is wearing thin
So you took your place	But I'm standing here and you're too late
But the (3) from grace was the hardest part	Your shock wave whisper has sealed your fate
It feels just like a dagger	Feels just like a dagger
Buried deep in your back	Buried deep in your back
You run for cover	You run for cover
But you can't (4) the second attack	But you can't escape the second attack
Your soul was innocent	Your soul was innocent
She (5) him and she painted it black	She kissed him and she painted it black
You should have seen your little face	You should have (10) your little face burning for
Burning for love, holding on for (6) life	love
All that I wanted was a little touch	-Miss Atomic Bomb-
