

Fill in the gaps

30,000 feet above the city where	To make you smile the way I always wanted to
I fell in love (1) you	Where the wind blows babe
And the fading (2) (3)	You can bet I'll be riding high with it
	(18) on for my dear life just (19)
Brings an urban lullaby (4) still rings true	I always did.
When I passed you on the street that day	Close your eyes babe, (20) a breath
Should've let (5) red scarf fly away	Say my name and I'll be there
Like any (6) I had of keeping you	My love will find you (21)
Like the Northern wind a blowing	Anywhere my love
Yeah my lonely heart was (7)	So I'll fly all night
Never knew I'd find a way	Our memory's my lullaby
To break yours too	That love won't lie
Where the wind blows babe	If it's love done right
You can bet I'll be riding high with it	You'll be waiting on the other side
Holding on for my dear (8) just like I always did	(22) open wide If (23) don't lie
Close (9) eyes babe, take a breath	Lie, we can fly
Say my name and I'll be there	Where the (24) blows babe
My (10) will find you anywhere	You can bet I'll be (25) high with it
(11) my love	Holding on for my dear life just like I always did
The city lights look like a country sky	Close your eyes babe, take a (26)
(12) staring at the stars turned upside down	Say my name and I'll be there
I wish I may, I (13) I might	My love will find you (27)
Find it in (14) (15) to stick around	Anywhere, my love will find you anywhere
I hate it had to end this way	Anywhere, my love (28) (29) yo
Tomorrow is a brand new day	anywhere
And the chances here at love are (16)	Anywhere my love
few	
Someone's out (17) waiting	
For a sweet good timing lady
