

For a (5)\_\_\_\_\_ good timing lady

## Fill in the gaps

30,000 feet above the city where	To make you smile the way I always wanted to
I fell in love with you	Where the wind blows babe
And the fading concrete skyline	You can bet I'll be riding high with it
Brings an urban lullaby that still rings true	Holding on for my dear life just (6) I always did.
When I passed you on the (1) that day	Close your eyes babe, take a breath
Should've let that red scarf fly away	Say my name and I'll be there
Like any (2) I had of (3)	My love will find you anywhere
you	Anywhere my love
Like the Northern wind a blowing	So I'll fly all night
Yeah my lonely heart was frozen	Our memory's my lullaby
Never knew I'd find a way	That love won't lie
To break yours too	If it's (7) done right
Where the wind blows babe	You'll be waiting on the other side
You can bet I'll be riding high with it	Arms open (8) If love don't lie
Holding on for my dear life just like I always did	Lie, we can fly
Close your eyes babe, take a breath	Where the wind blows babe
Say my (4) and I'll be there	You can bet I'll be riding high with it
My love will find you anywhere	Holding on for my dear life just like I always did
Anywhere my love	Close your eyes babe, take a breath
The city lights look like a country sky	Say my name and I'll be there
Like staring at the stars turned upside down	My love (9) find you anywhere
I wish I may, I wish I might	Anywhere, my love will find you anywhere
Find it in your heart to stick around	Anywhere, my love will find you anywhere
I hate it had to end this way	Anywhere my love
Tomorrow is a brand new day	
And the chances here at love are precious few	
Someone's out there waiting
